

Keeping it the quiet little village it is but beautifying it and upgrading what we have.

- Parking on sea side only. designated parks with native gardens between.
- Sculpture seeds trail
- Silhouettes (kiton?) - not faded murals - on hall of farms ^{shearing} ~~shearing~~
Sheep, fisherman, Glossy black celebrating our history.
- Trail through river as in Victorian town that has concrete sheep (coloured) leading you through the town
we could have fish or something.
- Keep development low key and low rise
- win/win for residents, property owners, developers, young families, young retirees. A community with good sense of history, nature, growth at a sustainable level. ✓

The low impact of man on a beautiful environment.

The marine environment, access to it, enjoyment of it, beside/on-water sports, boating, cafes,

The Wild life needs to be protected

I love it as it is.

Bowling Greens. — an interest for travelling Nomads & the many keen bowlers of Am. River.

What's precious contd.

Its uniqueness, bird, animal life, its people, artists, town characters, natural beauty.

Relatively untouched, colours of landscape.
Glossy's, glossy chicks, echidna's
diversity of fish, Pelican Lagoon protected.
People, post office, view on the road
down. Great quite walks

Me.

Location, Scenery - views, Community drive,

Birds, sunrise, landscape.

Unspoilt environment with a easy lifestyle but also some employment & prosperity.

Sea location, wild life (birds, fish) peace
beauty, unspoilt

Access ~~to~~ the river.

The general ambience of a small seaside village.

THE UNSAFE ROAD EDGES. I LIKE THE ROADS

The peace and quiet, the clean water and air, the wildlife and bushland, the friendly locals, the VIEWS!!!

The wharf and ajouin waterfront is the historic heart and should be attended to.

Twin Sheds need to be relocated,

The Beauty of the wharf precinct is made ugly and inaccessible by these unnecessary buildings

The ambience + the village environment, sea views + our maritime ~~area~~ area which needs to be further developed

Unique maritime history & attract lifestyle a business (eg Dyak farm, Rig, etc) ✓✓
