

# community & stakeholder engagement solutions

Facilitation, design, professional development, planning, tools, advice, evaluation and practice improvement

**Community & Stakeholder Engagement is important; just ask *your* community and *your* stakeholders.**

At **Practical Consulting Group** we support our clients, utilising industry leading practice, principles and methods, to develop, plan and deliver high quality engagement processes that delivers results and meets organisational objectives and community expectations.

Our projects include both one-off facilitations, to comprehensive engagement programs over the life-cycle of a project or initiative. We work across Australia and New Zealand.

Good quality engagement processes:

- Provides a voice for all stakeholders
- Builds relationships and trust
- Can engender support for projects
- Identifies solutions and alternatives
- Builds capacity; both organisation and community
- Mitigate or removes risks

Call **Practical Consulting Group** for a no-obligation chat about your next project, and lets explore the possibilities together.

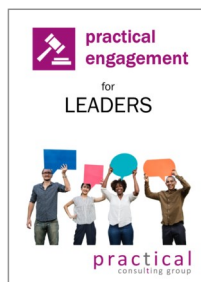

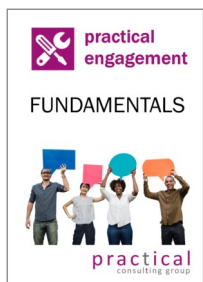

**Darren Keenan** has a comprehensive background and is a leading community engagement professional, trainer and facilitator. He has broad sector practical experience in local government, business, health, education, agriculture, member organisations and community organisations.

He has extensive IAP2 experience, where is currently licensed as a trainer, and as former employee where he lead the Professional and Practice Development portfolios in Australasia.

Darren holds an Advanced Certificate in Engagement, Certificate in Public Participation and has a C4 in Training and Assessment.
